Tour Itinerary

Day 1: Arrival in Cairo

The 9 Day in Egypt begins at Cairo International Airport, where an English-speaking Bastet Travel representative meets you in the arrivals hall, assists with all entry formalities, and escorts you to your hotel in a private air-conditioned vehicle. This first evening is reserved entirely for settling in — no touring obligations, no schedule pressure — simply the quiet anticipation of one of the most comprehensive Egypt Tour Packages ever assembled. If your flight arrives early, contact Bastet Travel in advance to arrange a suitable activity and maximize your first day on this 9 Day in Egypt journey. No meals are included on arrival day.

Day 2: Pyramids of Giza, Saqqara & Memphis

After breakfast at your Cairo hotel, your licensed Egyptologist guide collects you for the opening touring day of your 9 Day in Egypt — beginning on the Giza Plateau with the Great Pyramid of Khufu (built circa 2550 BC, originally 147 meters tall, assembled from approximately 2.3 million stone blocks), the Pyramid of Khafre (2540 BC), and the Pyramid of Menkaure (26th century BC), with the Great Sphinx — a 73-meter limestone colossus — standing sentinel over the entire complex. Lunch at a local restaurant precedes your afternoon drive to Saqqara, where the Step Pyramid of King Djoser — designed by the royal architect Imhotep circa 2650 BC as the world's first large-scale cut-stone structure — reveals how Egypt's pyramid-building tradition began. The day closes at the Open Air Museum at Memphis, the ancient Old Kingdom capital, with its colossal monuments and statues of Ramses II completing a chronological sweep from Egypt's earliest dynasties to its most celebrated pharaoh — all within a single day of this extraordinary 9 Day in Egypt itinerary. Overnight in Cairo.

Day 3: Egyptian Museum, Saladin Citadel & Khan el-Khalili

Breakfast at your hotel opens the second full Cairo day of your 9 Day in Egypt — entirely different in character from Day 2, shifting from open-air monuments to the concentrated grandeur of Cairo's greatest institutions. Your Egyptologist guide takes you first to the Egyptian Museum in Tahrir Square, one of the most important museums in the world, housing the complete Pharaonic monuments of Tutankhamun — his gold burial mask, throne, canopic jars, and the full contents of his tomb discovered in 1922. Lunch at a local restaurant follows before your afternoon visit to Old Cairo, beginning at the Saladin Citadel — constructed by Salah al-Din al-Ayyubi on the Moqattam Hills in 1183 AD as a fortress against Crusader campaigns, serving as the seat of Egyptian political power

for over 700 years. The day closes at Khan el-Khalili — one of the oldest and most atmospheric bazaars in the Middle East, established in the 14th century and still functioning as Cairo's most vivid center of trade and street culture — the ideal close to the most museum-intensive day of this 9 Day in Egypt package. Overnight in Cairo.

Day 4: Flight to Luxor — West Bank & East Bank Temples

After breakfast and hotel check-out, your representative transfers you to Cairo Airport for your domestic flight to Luxor — the moment your 9 Day in Egypt enters the ancient world of Upper Egypt. Upon landing, your guide takes you directly to Luxor's West Bank for a morning in Egypt's most celebrated royal landscape. A taftaf carries you through the Valley of the Kings — the royal necropolis containing over 63 rock-cut tombs, including the tomb of Tutankhamun discovered intact in 1922 — before you visit the Temple of Queen Hatshepsut at Deir el-Bahari, a three-tiered colonnaded masterpiece carved into the limestone face of the Theban Mountain in the 15th century BC, and the Colossi of Memnon — two 18-meter quartzite statues of Amenhotep III dominating the West Bank plain. Lunch at a local restaurant precedes your East Bank visits: Karnak Temple Complex — spanning over 200 acres with the earliest structures dating to the Middle Kingdom and dedicated primarily to the Theban Triad of Amun, Mut, and Khonsu — followed by Luxor Temple, built by a 12th dynasty king and completed by Ramses II, standing at the heart of ancient Thebes and dedicated to the chief god Amun Ra. A full day that captures the entire grandeur of ancient Thebes within your 9 Day in Egypt journey. Overnight in Luxor.

Day 5: Edfu Temple, Kom Ombo Temple & Aswan

After breakfast and hotel check-out, your 9 Day in Egypt moves south by private vehicle for a day that covers two of Egypt's most distinctive Ptolemaic temples before arriving in Aswan. At Edfu, a horse carriage delivers you to Edfu Temple — the best-preserved ancient temple in Egypt, dedicated to the hawk-god Horus, built between 246 BC and 57 BC, and the site where Egyptian myth records that Horus defeated Seth to avenge the death of Osiris. Continuing south to Kom Ombo, you visit the Kom Ombo Temple — an architecturally unique double-deity sanctuary elevated above the Nile, with one half dedicated to the falcon-headed Haroeris and the other to the crocodile-headed Sobek, god of fertility, dating to the Ptolemaic and Roman periods (332 BC–395 AD). Arriving in Aswan, lunch at a local restaurant precedes visits to the Aswan High Dam — a 3.6-kilometer rock-fill structure completed in 1968 that created Lake Nasser — and Philae Temple, reached by motor boat across the Nile to Agilkia Island, where the Greco-Roman temple dedicated to the goddess Isis was relocated stone by stone in a landmark UNESCO rescue operation. The most geographically expansive single day of this 9 Day in Egypt itinerary ends with overnight in Aswan.

Day 6: Abu Simbel & Return Flight to Cairo

A breakfast box from your Aswan hotel and an early check-out open the most dramatic dawn of your 9 Day in Egypt — a private air-conditioned vehicle transfer to Abu Simbel, located approximately 280 km south of Aswan on the shores of Lake Nasser. The Great Temple of Ramses II — carved directly into the sandstone cliffs between 1274 and 1244 BC, featuring four colossal 20-meter seated statues and dedicated to Ra-Harakhty, Amun Ra, and Ptah — and the adjacent Temple of Queen Nefertari, honoring both Nefertari and the goddess Hathor, were dismantled stone by stone and relocated 65 meters uphill between 1964 and 1968 in what UNESCO considers its single greatest preservation achievement. After your visit, the vehicle returns you to Aswan Airport for your domestic flight back to Cairo, where a Bastet Travel representative transfers you to your hotel. This extraordinary 9 Day in Egypt day ends with overnight in Cairo.

Day 7: Alexandria City Tour

Breakfast at your Cairo hotel opens a day when your 9 Day in Egypt travels north to the Mediterranean for a full immersion in Alexandria — Egypt's Greco-Roman capital and the city Alexander the Great founded in 331 BC. Your Egyptologist guide takes you first to the Bibliotheca Alexandrina — the contemporary library built on the original site of the ancient Library of Alexandria, the greatest repository of human knowledge in the ancient world. After lunch at a local restaurant, you visit the Roman Amphitheatre — a well-preserved Greco-Roman theatre with 13 rows of white marble seating — followed by Pompey's Pillar, a 27-meter red Aswan granite column erected in 292 AD within the precinct of the ancient Serapeum, and the Sultan Qaitbay Citadel — a 15th-century maritime fortress built in 1477 AD on the precise site of the ancient Lighthouse of Alexandria, one of the Seven Wonders of the Ancient World. The drive back to Cairo closes a day that adds the full Greco-Roman dimension to your 9 Day in Egypt experience. Overnight in Cairo.

Day 8: Islamic Cairo & Coptic Cairo

Breakfast at your hotel opens the penultimate day of your 9 Day in Egypt — a full immersion in Islamic and Coptic Cairo that layers Christian, Jewish, and Islamic heritage within a single extraordinary afternoon. Your guide begins with Ahmed Ibn Tulun Mosque — the oldest intact functioning Islamic monument in Cairo, built in 876-879 AD during the Tulunid dynasty in the rare Abbasid architectural style. You then visit the Mosque of Sultan Hassan — constructed in 1356 AD as a mosque and religious school for all four Sunni sects, considered the most architecturally unified of all Cairo's medieval monuments — and the adjacent El Refa'i Mosque, completed in 1912 as a royal burial site. Lunch at a local restaurant precedes your Coptic Cairo visit: the Hanging Church (Church of the Virgin Mary), built into the walls of the Roman fortress of Babylon and dating to approximately

the 4th century AD; the Church of St. Sergius (Abu Serga), a 5th-century sanctuary built on the site where the Holy Family is believed to have rested; and the Ben Ezra Synagogue — Egypt's oldest, dating to the 9th century AD and the site of the discovery of the Cairo Geniza. The most faith-layered day of this 9 Day in Egypt package ends with overnight in Cairo.

Day 9: Final Departure from Cairo

Breakfast at your hotel closes the final morning of your 9 Day in Egypt before a Bastet Travel representative assists with hotel check-out and provides a private transfer to Cairo International Airport for your onward journey home. Every departure formality is managed by the Bastet Travel team, ensuring this Egypt Tour Package ends with the same seamless professionalism that defined every day of the previous eight — leaving you with nothing to arrange except the memories of nine extraordinary days across Cairo, Saqqara, Memphis, Luxor, Aswan, Abu Simbel, and Alexandria.
