Why You Will Love This Package

Golden desert horizons, sacred mountain heights, and the legendary monuments of the Pharaohs converge seamlessly in the All Inclusive Taba Vacation Package 6 Days by Bastet Travel. This specialized Egypt Tour Package offers an efficient, high-impact route that bridges the serene coastal luxury of the Sinai Peninsula with the monumental antiquities of Cairo. Ideal for travelers seeking maximum experience with minimal logistical friction, this comprehensive itinerary handles all border permissions, private transfers, and local formalities automatically.

Discover the All Inclusive Taba Vacation Package 6 Days & Its Outstanding Landmarks

The true value of this 6-day program lies in its geographical ingenuity. Operating as a targeted multi-destination loop, the journey minimizes back-and-forth transit by executing a clean southwest path across the Sinai Peninsula before jumping directly to Cairo. Your journey initiates along the crystal-clear Red Sea waters of the Gulf of Aqaba, utilizing an All Inclusive Taba Vacation resort framework to maximize shoreline rest. Rather than trapping you in an isolated beach bubble, a private air-conditioned vehicle carries you inland to navigate the high-altitude wilderness of Mount Moses and the historic walls of St. Catherine Monastery.

From the mountain heartland, a scenic ground transfer brings you straight to Cairo to explore the iconic Great Pyramids of Giza, the Sphinx, and the incomparable masterworks within the Egyptian Museum. The trip concludes with a swift transfer to Sharm El-Sheikh for your departure, ensuring you experience Egypt's grandest natural, spiritual, and historical landscapes in under a week.

Bastet Travel eliminates the stressful administrative hurdles typical of cross-border and cross-regional travel in Egypt. Independent logistics across the Sinai interior often involve complex checkpoint coordination; this package includes all required permissions and formalities from local authorities upfront. From private airport or border escorts to pre-purchased entrance tickets and fully covered tipping, every logistical variable is managed. You travel exclusively alongside a private, expert Egyptologist who acts as a personal historical narrator, translating ancient texts and answering your questions in real time.

Deep Dive into the Landmarks with the All Inclusive Taba Vacation

The Sinai Peninsula: Coastal Luxury and Sacred Peaks

The early stages of your itinerary highlight the stark, contrasting natural beauty of the Sinai. The **Red Sea** coast at Taba is globally celebrated for its unique marine topography, where underwater

vertical drop-offs host vibrant coral reefs and rare aquatic biodiversity, viewable via snorkeling, scuba diving, or semi-submersible glass boats.

Moving inland, the elevation changes dramatically as you approach **Mount Moses** (Mount Mose), a soaring 2,285-meter granite peak of immense historical and religious significance. Hiking its ancient paths under a starlit desert sky culminates in a world-famous, panoramic sunrise over the surrounding jagged mountains. Nestled at the immediate foot of the mountain sits the fortified **St. Catherine Monastery** (St. Catherine). Established in the 6th century under Byzantine Emperor Justinian, this UNESCO World Heritage site is one of the oldest operational Christian monasteries on earth, protecting the legendary Burning Bush and an extraordinary collection of early medieval icons. The coastal exploration concludes with a logistical handoff at **Sharm El-Sheikh**, the southern peninsula's primary travel hub.

Cairo: The Archaeological Heart of Lower Egypt

The cultural climax of the trip takes place in Egypt's capital city. On the west bank of the Nile, the **Great Pyramids of Giza** rise from the desert plateau—comprising the monumental tombs of Khufu, Khafre, and Menkaure. These structures represent the absolute pinnacle of Old Kingdom engineering, with the Great Pyramid standing as the final surviving Wonder of the Ancient World. Guarding the eastern approaches of the necropolis is the **Sphinx**, a colossal, single-stone limestone sculpture combining the body of a couchant lion with the stylized portrait head of a pharaoh. The exploration transitions into downtown Cairo at the classical **Egyptian Museum**, which guards a dense collection of antiquities, including masterfully carved Old Kingdom statues, royal mummies, and invaluable historical artifacts excavated across the Nile Valley.
