Tour Itinerary

Morning Navigation and Island Habitats

The professional **Bird Watching Tour in Aswan** expedition begins with a private pick-up and transfer to the Aswan dockside. The first phase of the itinerary involves boarding a traditional felucca for a silent, wind-powered journey across the Nile toward the West Bank. Your expert guide will begin the high-authority identification of birdlife immediately, focusing on the Egrets and Parakeets nesting within the flora of Kitchener's Island. You will observe the radiant colors of the Hibiscus and Poinciana while your guide provides a technical perspective on how these plants support the local ecosystem. This phase is designed to provide a peerless window into the island's bird colonies before heading toward the more rugged granite islands.

Cataract Discovery and Sovereign Return

The second half of your **Bird Watching Tour in Aswan** itinerary focuses on the wilder waters near the Cataract Islands and the Aga Khan Mausoleum. The high-authority plan includes navigating the shallow channels where Kingfishers, Nile Valley Sunbirds, and various Herons are most active. You will have sovereign time to use binoculars and cameras to capture rare sightings of the Malachite Kingfisher and Little Green Bee Eaters in their natural habitat. The tour concludes with a relaxing sail back to the East Bank as the sun illuminates the cliffs of the Nobles' Tombs. The plan finishes with a private transfer back to your original departure point, completing a comprehensive and professional narrative of Aswan's unique aerial wildlife.
