Professional Valley of the Kings Tour From Cairo Landmark Introduction

Your **Valley of the Kings tour from Cairo** begins at the legendary **Valley of the Kings**, a sun-blasted gorge that hides 63 of the most important royal tombs in history. This site served as the primary burial chamber for the pharaohs of the New Kingdom for nearly 500 years and gained worldwide fame with Howard Carter's 1922 discovery of Tutankhamun's treasure-filled tomb. The journey continues to the **Temple of Hatshepsut**, a stunning multi-tiered masterpiece nestled against the limestone cliffs of Deir el-Bahari. Dedicated to Egypt's only female pharaoh, its unique layout mirrors the ambition of its creator. You will also witness the **Colossi of Memnon**, the last standing remnants of Amenhotep III's vanished mortuary temple.

On the East Bank, the **Valley of the Kings tour from Cairo** explores the **Karnak Temple Complex**, the largest religious structure ever constructed. As the heart of the ancient faith for 1,500 years, its Great Hypostyle Hall features 134 towering columns that represent the peak of pharaonic power. The day concludes at the **Luxor Temple**, located in the heart of the modern city. Built by Amenhotep III and completed by Tutankhamun and Ramesses II, this incredibly well-

preserved monument was the focal point of the annual Opet Festival, offering a rare look at the continuity between the ancient capital and the modern city of Luxor.
