Professional Valley of the Queens Tour Landmark Introduction

Your **Valley of the Queens tour** begins at the UNESCO World Heritage site of the **Valley of the Kings**, where you will explore the monumental burial tunnels of Egypt's greatest pharaohs, such as Tutankhamun and Ramses II. This provides a powerful contrast to the core focus of your journey: the **Valley of the Queens**. Here, the artwork transitions from kingly solar cycles to delicate, vivid scenes of feminine protection and divine mediation. You will walk through the tombs of queens and princes, observing wall paintings so fresh they appear to have been painted yesterday.

The **Valley of the Queens tour** continues to the **Temple of Queen Hatshepsut (Deir el-Bahari)**, an architectural masterpiece that perfectly complements the day's theme of female power. Carved into dramatic limestone cliffs, this terraced temple tells the story of Egypt's most successful female pharaoh. The journey concludes at the **Colossi of Memnon**, where you will stand in the shadow of the 60-foot stone giants of Amenhotep III. This structured approach ensures you experience the full spectrum of West Bank royalty, from the hidden subterranean chambers to the sky-piercing memorial statues.
